## SECTION 1 — HERO

**H1:** Ritz Builder's New Home Construction Service Area

**P1:** Ritz Builders, with headquarters in Cupertino, serves homeowners across the Peninsula and South Bay with architect-led design-build for luxury custom homes, teardown-rebuilds, and major remodels in Atherton, Menlo Park, Palo Alto, Los Altos, Los Altos Hills, Saratoga, Cupertino, Los Gatos, and surrounding Bay Area cities.

**P2:** From lot feasibility and design review to permitting and construction, our team helps guide complex Bay Area residential projects with clarity from the start.

**Primary CTA:** Schedule a Consultation → scroll to footer form

**Secondary CTA:** Explore our Bay Area Projects → /explore-projects/

**Trust Strip (below CTAs — all three are inline text, no icons required):** Architect-Led  
Design-Build • Award-Winning Residential Work • BIA Bay Area Member

---

## SECTION 2 — DIRECT SERVICE-AREA ANSWER BLOCK

**H2:** Cities Ritz Builders Serves Across the Bay Area

**P:** Ritz Builders is a Bay Area architect-led design-build firm serving luxury homeowners throughout the Peninsula and South Bay. We take on custom home construction, teardown-rebuilds, and whole-house remodels across more than 30 Bay Area cities, with deep project experience in the region's most demanding residential markets.

**Grouped City List — render as visible HTML text, 4 columns desktop / 2 columns mobile. Do NOT use images or JS-only rendering for this list.**

**Peninsula & Mid-Peninsula** Atherton, Menlo Park, Palo Alto, Woodside, Portola Valley, Redwood City, Emerald Hills, San Carlos, Belmont, Hillsborough, Burlingame, San Mateo, Foster City

**South Bay & Santa Clara County** Los Altos, Los Altos Hills, Saratoga, Cupertino, Los Gatos, Monte Sereno, Sunnyvale, Mountain View, San Jose (Willow Glen, Almaden Valley), Campbell, Santa Clara, Milpitas

**Extended Bay Area (Project Inquiries)** Fremont, Newark, Pleasanton, San Ramon, Danville

---

## SECTION 3 — FEATURED MARKETS

**H2:** Featured Bay Area Markets

**P:** These are the markets where Ritz Builders has the deepest project experience, planning knowledge, and local contractor relationships. Each city presents unique zoning, design review, and lot conditions that require experienced navigation from day one.

**Layout:** 3-column card grid. Each card: H3 + 2–3 sentences + one CTA link.

---

**Card 1 H3:** Atherton Custom Home Builder Building estate-scale custom homes, private compounds, and luxury teardown-rebuilds in one of the nation's most exclusive residential zip codes. We manage large-lot feasibility, setback planning, and privacy-driven design from the first consultation through construction. **CTA Link text:** Explore Atherton Projects **CTA href:** </locations/atherton/>

---

**Card 2 H3:** Palo Alto Luxury Home Builder Designing and building modern custom homes and teardown-rebuilds in one of the Bay Area's most rigorous planning environments. We navigate Palo Alto's strict FAR limits, design-review requirements, and neighborhood-context standards on every project. **CTA Link text:** Palo Alto Custom Home Builder **CTA href:** </locations/palo-alto/>

---

**Card 3 H3:** Menlo Park Custom Home Builder Architect-led custom construction and teardown-rebuilds across Menlo Park's strongest new-build corridors. We understand local planning, lot optimization, and the transitional-to-contemporary design preferences that drive high-end Menlo Park projects. **CTA Link text:** Menlo Park Home Builder **CTA href:** </locations/menlo-park/>

---

**Card 4 H3:** Los Altos & Los Altos Hills Custom Homes From family estates in Los Altos to hillside luxury residences in Los Altos Hills, we manage the topography, engineering, and planning complexity that come with premium lots in both communities.

**CTA Link text:** Los Altos Custom Home Builder

**CTA href:** </locations/los-altos/>

---

**Card 5 H3:** Saratoga Luxury Home Builder Custom homes and privacy-led remodels in one of the South Bay's most desirable residential markets. We guide hillside, view-oriented, and large-lot projects through Saratoga's planning and permitting process with careful preparation from day one.

**CTA Link text:** Saratoga Home Builder

**CTA href:** </locations/saratoga/>

---

**Card 6 H3:** Cupertino Custom Home Builder High-performance custom homes, teardown-rebuilds, and major remodels in a competitive South Bay market defined by lot efficiency, strong school-district demand, and precision construction standards.

**CTA Link text:** Cupertino Home Builder

**CTA href:** /locations/cupertino-custom-home-builder/

---

**Card 7 H3:** Emerald Hills Custom Home Builder Luxury custom homes and hillside builds in one of the Peninsula's most private and topographically distinct residential communities. We manage grading, access, and complex lot conditions specific to Emerald Hills from feasibility through construction. **CTA Link text:** Emerald Hills Home Builder **CTA href:** /locations/emerald-hills/

---

**Card 8 H3:** Sunnyvale & Mountain View Custom Homes Architect-led custom construction and major remodels in two of Silicon Valley's most active new-build and teardown-rebuild markets. We help homeowners maximize modern living on urban-adjacent lots with strong design and construction standards. **CTA Link text:** Schedule a Consultation **CTA href:** → scroll to footer form

---

## SECTION 4 — WHAT CHANGES BY CITY

**H2:** What Changes When Building Across Bay Area Cities

**P:** Every Bay Area city has its own planning process, approval standards, zoning rules, and site conditions. Ritz Builders brings city-specific experience across the Peninsula and South Bay so your project is prepared from the first feasibility conversation — not after surprises arrive mid-design.

---

**H3:** Design Review and Permitting Cities like Palo Alto, Atherton, and Los Altos Hills operate distinct planning and design-review processes that shape timelines, architectural decisions, and approval requirements. Our team documents city-specific requirements early so your design stays aligned with what is actually approvable.

**H3:** Teardown-Rebuild Feasibility Many of our projects begin on lots with older homes. We evaluate demolition scope, setback constraints, maximum buildable envelope, and how to structure the site for modern luxury living before a single architectural line is drawn.

**H3:** Hillside and Topography Conditions Markets like Saratoga, Los Altos Hills, Emerald Hills, and Los Gatos involve sloped lots, drainage planning, grading, and foundation strategy that

must be solved at the feasibility stage. These are not add-ons — they drive the entire project approach.

**H3:** Neighborhood Context and Privacy In estate and premium infill markets, strong projects balance architectural quality with streetscape fit, neighbor proximity, and privacy requirements. Ritz Builders addresses these factors during design rather than retrofitting for them during review.

---

## SECTION 5 — SERVICES ACROSS BAY AREA LOCATIONS

**H2:** Custom Homes, Teardown-Rebuilds, and Major Remodels Across the Bay Area

**P:** Ritz Builders offers architect-led design-build services to homeowners throughout the Bay Area. Every project type — from ground-up custom homes to complete remodels — is delivered with full coordination between design, engineering, permitting, and construction.

---

**H3:** Design-Build for Custom Homes We design and build ground-up luxury custom homes on vacant lots and teardown sites across the Peninsula and South Bay. Our architect-led process keeps design intent and construction quality aligned from the first sketch through final walkthrough. → Link text: Learn About Our Design-Build Process → href: </services/design-build/>

**H3:** Teardown-Rebuild Projects When an older home no longer serves the site, a teardown-rebuild is often the highest-leverage path to a modern luxury residence. We manage site assessment, demolition, design, permits, and construction as one integrated project across Atherton, Menlo Park, Palo Alto, Cupertino, and the broader Bay Area. → Link text: Teardown-Rebuild Services → href: </services/teardown-rebuild/>

**H3:** Whole-Home Remodels and Major Additions For homeowners committed to their lot or neighborhood, a whole-house remodel can transform an existing residence into a high-performance luxury home. We take on major renovations, additions, and expansions across Los Altos, Saratoga, Palo Alto, Cupertino, and surrounding cities. → Link text: Whole-Home Remodel Services → href: </services/whole-home-remodel/>

**H3:** Build on Your Lot Already own land in the Bay Area? We work with homeowners who have an existing lot to evaluate feasibility, guide design, and deliver a fully custom home on your site. → Link text: Build on Your Lot → href: </services/build-on-your-lot/>

---

## SECTION 6 — FEATURED PROJECTS

**H2:** Featured Ritz Builders Projects Across the Bay Area

**P:** Each project below reflects the architect-led design-build approach Ritz Builders applies across different Bay Area markets, lot conditions, and project types.

**Project cards — render as visible grid, each card must use a crawlable `<a href>` link:**

| Project             | City                   | Type           | URL                                              |
|---------------------|------------------------|----------------|--------------------------------------------------|
| Riverside Way       | Cupertino              | Custom Home    | /explore-projects/riverside-way/                 |
| Austin Avenue       | Los Altos              | Custom Home    | /explore-projects/austin-avenue-los-altos/       |
| Louis Road          | Palo Alto              | Custom Home    | /explore-projects/louis-road-palo-alto/          |
| Princeton Residence | Menlo Park             | Available Home | /available-homes/princeton-residence-menlo-park/ |
| Kiner Residence     | Willow Glen / San Jose | Available Home | /available-homes/kiner-residence-willow-glen/    |

**CTA below grid:** → Link text: View All Bay Area Projects → href: /explore-projects/

---

## SECTION 7 — FAQ

**H2:** Bay Area Custom Home Builder FAQs

**Implementation note: All FAQ answers must be visible in HTML on page load. Do NOT hide answers behind accordions that require a click to expand — content must be readable by crawlers and AI systems without interaction.**

---

**Q: What cities does Ritz Builders serve?** A: Ritz Builders serves homeowners across the Peninsula and South Bay, including Atherton, Menlo Park, Palo Alto, Los Altos, Los Altos Hills, Saratoga, Cupertino, Emerald Hills, Los Gatos, Sunnyvale, Mountain View, Woodside, Portola Valley, Hillsborough, and more than 30 additional Bay Area cities.

---

**Q: Do you serve both the Peninsula and South Bay?** A: Yes. Ritz Builders works across both the Peninsula and South Bay, with strong project depth in Atherton, Palo Alto, and Menlo Park on the Peninsula, and Los Altos, Saratoga, Cupertino, and Los Gatos in the South Bay.

---

**Q: What types of projects does Ritz Builders take on across the Bay Area?** A: We specialize in four project types: ground-up luxury custom homes through our design-build process, teardown-rebuild projects, whole-home remodels and major additions, and custom homes built on client-owned lots. All projects are delivered through an architect-led process.

---

**Q: Do you help evaluate lots or teardown candidates before committing?** A: Yes. We offer pre-construction feasibility services to help homeowners evaluate a lot's buildable potential, zoning constraints, and project viability before architectural work begins.

---

**Q: How do building requirements vary by Bay Area city?** A: Each city has distinct FAR limits, height restrictions, design-review processes, and planning timelines. Palo Alto and Atherton have rigorous design-review requirements, while South Bay cities like Cupertino and Sunnyvale operate differently. Ritz Builders prepares for city-specific requirements at the start of every project.

---

**Q: Can Ritz Builders work on hillside or complex lots?** A: Yes. Ritz Builders regularly works on sloped and hillside lots in Saratoga, Los Altos Hills, Emerald Hills, and Los Gatos, managing grading, drainage, engineering, and foundation planning as part of the full project scope.

---

**Q: Do you work with an outside architect, or is design included?** A: Ritz Builders is an architect-led design-build firm, meaning design and construction are managed as one integrated process. We also offer a path for homeowners who arrive with architect-provided plans. Learn more on our services page. → [href: /services/architect-provided-plans/](/services/architect-provided-plans/)

---

**Q: How do I get started on a Bay Area custom home or remodel?** A: The first step is a consultation to discuss your goals, lot, timeline, and budget. Contact our Cupertino office to schedule an initial conversation with our team.

---

## SECTION 8 — FINAL CTA

**H2:** Start Your Bay Area Project with Ritz Builders

**P:** Whether you are planning a new custom home in Atherton, a teardown-rebuild in Palo Alto, or a major remodel in Saratoga, Ritz Builders brings architect-led design-build expertise to every project across the Bay Area. Contact our Cupertino office to discuss lot feasibility, project scope, and your vision.

**Primary CTA:** Schedule a Consultation → footer form **Secondary CTA:** View Bay Area Projects → </explore-projects/>

# DEV IMPLEMENTATION CHECKLIST

## Metadata

- ☐ URL confirmed as </locations/> with trailing slash
- ☐ Canonical tag matches exactly: <https://ritzbuilders.com/locations/>
- ☐ Robots: [index](#), [follow](#)
- ☐ Title tag: [Bay Area Luxury Custom Home Builder | Ritz Builders](#) (51 chars ☒)
- ☐ Meta description: confirmed ≤155 chars ☒

## Structural

- ☐ H1 appears exactly once on the page: [Bay Area Luxury Custom Home Builder](#)
- ☐ Breadcrumb visible in DOM: Home > Locations
- ☐ Section 2 city list rendered as visible HTML text on load — NOT image-only, NOT JS-only
- ☐ Section 4 "What Changes By City" — all four H3 blocks visible in HTML, not collapsed by default
- ☐ FAQ answers visible in HTML on page load — not expand/accordion-only
- ☐ All project cards in Section 6 use crawlable [<a href>](#) links — NOT JS-only click handlers

## Internal Linking — FROM this page

- ☐ Atherton card → </locations/atherton/>
- ☐ Palo Alto card → </locations/palo-alto/>
- ☐ Menlo Park card → </locations/menlo-park/>
- ☐ Los Altos card → </locations/los-altos/>
- ☐ Saratoga card → </locations/saratoga/>

- [ ] Cupertino card → </locations/cupertino-custom-home-builder/>
- [ ] Emerald Hills card → </locations/emerald-hills/>
- [ ] Design-Build service link → </services/design-build/>
- [ ] Teardown-Rebuild service link → </services/teardown-rebuild/>
- [ ] Whole-Home Remodel service link → </services/whole-home-remodel/>
- [ ] Build on Your Lot service link → </services/build-on-your-lot/>
- [ ] Architect-Provided Plans link (FAQ) → </services/architect-provided-plans/>
- [ ] Projects CTA → </explore-projects/>

## Internal Linking — TO this page (add on other pages)

- [ ] Homepage "Service Area" or "Locations" section → link to </locations/> using anchor text: [Bay Area Luxury Custom Home Builder Locations](#)
- [ ] Each live location page → link back to </locations/> via breadcrumb: Home > Locations
- [ ] </services/design-build/> → contextual link to </locations/>
- [ ] </our-difference/> → contextual link to </locations/>

## Schema

- [ ] JSON-LD block pasted inside `<head>` — NOT inline in body
- [ ] Fill in logo image path before publishing (inspect rendered DOM for actual </path/to/logo.png>)
- [ ] Confirm founding year with client if "Bay Area Since [YEAR]" is added anywhere on page
- [ ] Verify all [sameAs](#) URLs resolve correctly before publishing

## One remaining client confirmation needed

- [ ] **Logo path** — inspect rendered DOM on ritzbuilders.com, find actual `` for the logo and update the schema "logo" field
- [ ] **Founding year** — confirm what year to use in trust line if added (2023 for Ritz Builders entity, or founder's career start year)

## Sitemap

- [ ] </locations/> already in sitemap.xml  (confirmed from uploaded sitemap)
-

# INTERNAL LINK ANCHOR TEXT REFERENCE

When linking TO /locations/ from other pages, use one of these anchors:

| Anchor Text                                   | Use On                         |
|-----------------------------------------------|--------------------------------|
| Bay Area Luxury Custom Home Builder Locations | Homepage service area section  |
| Cities We Serve Across the Bay Area           | /our-difference/, /about-us/   |
| Ritz Builders Bay Area Service Area           | /services/ pages               |
| Bay Area Custom Home Builder Locations        | /custom-home-builder-bay-area/ |

When linking FROM /locations/ to city pages, use these exact anchors:

| City      | Anchor Text                   | href                  |
|-----------|-------------------------------|-----------------------|
| Atherton  | Atherton Custom Home Builder  | /locations/atherton/  |
| Palo Alto | Palo Alto Luxury Home Builder | /locations/palo-alto/ |

|                  |                                   |                                           |
|------------------|-----------------------------------|-------------------------------------------|
| Menlo<br>Park    | Menlo Park Custom Home<br>Builder | /locations/menlo-park/                    |
| Los Altos        | Los Altos Custom Home<br>Builder  | /locations/los-altos/                     |
| Saratoga         | Saratoga Home Builder             | /locations/saratoga/                      |
| Cupertino        | Cupertino Home Builder            | /locations/cupertino-custom-home-builder/ |
| Emerald<br>Hills | Emerald Hills Home Builder        | /locations/emerald-hills/                 |
